SUPPLEMENTARY INFORMATION:

Background

In response to persistent delivery failures in delivery-versus-payment transactions involving U.S. Treasury securities (Treasuries), the Treasury Market Practices Group (TMPG) and the Securities Industry and Financial Markets Association published a trading practice governing failed deliveries of Treasuries in 2008. In July, 2009, the Treasury Department and the Internal Revenue Service (IRS) issued Notice 2009-61 (2009-2 CB 181), which provided that the IRS will not challenge the position taken by a taxpayer or a withholding agent that a fails charge paid with respect to a Treasury on or before December 31, 2010 is not subject to U.S. gross basis taxation. On December 8, 2010, the Treasury Department and the IRS issued temporary and proposed regulations that establish source rules for a fails charge paid with respect to a Treasury, with a correction to the temporary regulations on December 28, 2010. 75 FR 76262, 75 FR 76321, and 75 FR 81457, respectively.

The temporary and proposed regulations provide that the source of income from a qualified fails charge is generally determined by reference to the residence of the taxpayer that is the recipient of the qualified fails charge income, with two exceptions. Qualified fails charge income earned by a qualified business unit (QBU) of a taxpayer is sourced to the country in which the QBU is engaged in a trade or business, and qualified fails charge income that arises from a transaction the income from which is effectively connected to a United States trade or business is sourced in the United States and treated as effectively connected to the conduct of a United States trade or business.

No comments were received on the proposed regulations, and no hearing was requested or held. This Treasury decision adopts the proposed regulations with the changes discussed in this preamble.

Explanation of Provisions

These final regulations adopt, with one substantive change, the proposed regulations on the source of a qualified fails charge. The final regulations also make a number of clarifying changes to the language of the regulations.

The preamble to the temporary regulations noted that no trading practice existed at that time for fails charges on securities other than

Treasuries, but that if a fails charge trading practice pertaining to other securities was endorsed by the TMPG or an agency of the United States government, the Treasury Department and the IRS would consider whether the source rule in the regulations should be extended to those fails charges. The TMPG has subsequently endorsed a trading practice for debentures issued by the Federal National Mortgage Association (Fannie Mae), the Federal Home Loan Mortgage Corporation (Freddie Mac), and the Federal Home Loan Banks and agency pass-through mortgage-backed securities issued or guaranteed by the Government National Mortgage Association (Ginnie Mae), Fannie Mae, and Freddie Mac (Agency Debt and Agency MBS, respectively) beginning in February, 2012.

The Treasury Department and the IRS have determined that the same source rule should apply to fails charges incurred with respect to Agency Debt and Agency MBS as to fails charges on Treasuries. Accordingly, these final regulations expand the scope of a qualified fails charge to fails charges paid with respect to Agency Debt. The sourcing rule in the final regulations also applies to a fails charge on Agency MBS guaranteed by Fannie Mae, Freddie Mac, and Ginnie Mae (for tax purposes, Fannie Mae, Freddie Mac, and Ginnie Mae do not issue Agency MBS). The final regulations do not address the source of any other payment, including a fails charge that is not a qualified fails charge.

The Treasury Department and the IRS are considering whether separate guidance is needed on the source of income attributable to certain payments, other than qualified fails charges, that arise in securities lending transactions or repurchase transactions and request comments regarding this issue.

Effective Date

These regulations are effective on February 21, 2012.

Applicability Date

These regulations apply to a qualified fails charge paid or accrued on or after December 8, 2010.

Special Analyses

It has been determined that this Treasury decision is not a significant regulatory action as defined in Executive Order 12866, as supplemented by Executive Order 13563. Therefore, a regulatory assessment is not required. It has also been determined that section 553(b) of the Administrative Procedure Act (5 U.S.C. chapter 5) does not apply to
